## SUBJECT INDEX

In general, subject headings are based on the National Library of Medicine's Medical Subject Headings (MeSH). A few additional headings are used for greater specificity in the psychiatric field.

### Access to health care

- Access to quality care matters (taking issue), Mar 235  
An analysis of the definitions of mental illness used in state parity laws, Sept 1089-1095  
Characteristics of psychiatric patients for whom financial considerations affect optimal treatment provision, Dec 1626-1629  
The effect of financial risk arrangements on service access and satisfaction among Medicaid beneficiaries, Mar 299-303  
Impact of modifying risk adjustment models on rankings of access to care in the VA mental health report card, Sept 1153-1158  
Inequalities in use of specialty mental health services among Latinos, African

Americans, and non-Latino whites, Dec 1547-1555

Introduction to the special section (mental health care for Latinos), Dec 1545-1546

Mental health services for Latino adolescents with psychiatric disorders, Dec 1556-1562

President's commission finds fragmented system, outdated treatments, incentives for disability, Dec 1644

A research agenda to improve the accessibility and quality of mental health care for Latinos, Dec 1569-1573

Translating research into action: reducing disparities in mental health care for Mexican Americans, Dec 1563-1568

The WHO draft manual perpetuates barriers to care (taking issue), Sept 1055

#### **Accreditation**

SAMHSA approves accrediting bodies for methadone treatment programs, Jan 113-114

#### **Activities of daily living. See Social and living skills**

#### **Alcohol-related disorders, treatment**

Adverse childhood experiences, alcoholic parents, and later risk of alcoholism and depression, Aug 1001-1009

Healing through social and spiritual affiliation (alcohol & drug abuse), Sept 1072-1074

Long-term use of VA mental health services by older patients with substance use disorders, July 836-841

Screening for alcohol abuse among urban Native Americans in a primary care setting, June 757-760

#### **Alternative medicine. See Complementary therapies**

#### **American Psychiatric Association. Also see American Psychiatric Association achievement awards**

APA, advocacy groups disappointed with final regulations on privacy of medical records, Sept 1191

APA's medical director to resign at end of 2002, Apr 493

The business case for high-quality mental health care (economic grand rounds), Feb 143-145

Congress fails to pass mental health parity legislation, Feb 222

Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36

James H. Scully, M.D., named next medical director of the American Psychiatric Association, Nov 1487

Marcia Kraft Goin is chosen APA president-elect; Paul Appelbaum to succeed Richard Harding as APA president, Apr 493

Starving in the midst of plenty: the mental health care crisis in America (APA president's statement), Oct 1247-1248

#### **American Psychiatric Association achievement awards**

Gold award: A community's commitment to empowering families and children through a network of support, Oct 1308-1310

Gold award: Integrated services for mothers with dual diagnoses and their children, Oct 1311-1313

Significant achievement award: The Nathaniel Project: an effective alternative to incarceration, Oct 1314-1315

Significant achievement award: The Theiss Child Development Center: an innovative provider of early childhood mental health services, Oct 1315-1317

Significant achievement award: The Western Psychiatric Institute and Clinic (WPIC) Homeless Continuum: striking the right balance, Oct 1317-1318

#### **Antidepressive agents**

Patients' attitudes toward antidepressants (letter, reply), Sept 1180-1181

Patterns of antidepressant use among children and adolescents, Nov 1444-1450

Principles for starting, stopping, or switching medications (psychopharmacology), Feb 139-140

Psychodynamic psychotherapy and clomipramine in the treatment of major depression, May 585-590

Sertraline-induced akathisia and dystonia misinterpreted as a panic attack (letter), Nov 1477-1478

Use of antidepressants to treat depression in bipolar disorder, May 580-584. Also see Antidepressants for bipolar depression (letter, reply), Oct 1331

#### **Antimanic agents**

Use of mood stabilizers among patients with schizophrenia, 1994-2001 (data-points), Oct 1212

#### **Antipsychotic agents**

Clinical experience and prescribing practices (letter, reply), May 631-632

Clozapine and borderline personality disorder (letter), Mar 348-349

Efficacy of olanzapine and risperidone for treatment-refractory schizophrenia among long-stay state hospital patients, June 755-757

Gaps in use of antipsychotics after discharge by first-admission patients with schizophrenia, 1989 to 1996, Mar 337-339

Issues in psychopharmacosocioeconomics (economic grand rounds), Dec 1532-1534

One-year rehospitalization rates of patients discharged on atypical versus conventional antipsychotics, July 891-893

Patients' preference for conventional antipsychotic medications (psychopharmacology), May 537-538, 547

Prescription of antipsychotic drugs by office-based physicians in the United States, 1989-1997, Apr 425-430

Principles for starting, stopping, or switching medications (psychopharmacology), Feb 139-140

Rational and irrational polypharmacy (letter, reply), Feb 214

Risperidone-induced ejaculatory disturbances (letter), Mar 347

Service use and costs among VA patients with schizophrenia taking risperidone or olanzapine, July 855-860

#### **Anxiety disorders. Also see Obsessive-compulsive disorder; and Stress disorders, posttraumatic**

Appropriateness of prescribing practices for serotonergic antidepressants, Feb 179-184

Factors influencing care seeking for a self-defined worst panic attack, Apr 464-470

Hypochondriasis (consumer & family information), Apr 383

Prevalence and severity of mental health-related disability and relationship to diagnosis, Jan 80-86

Quality of life in social anxiety disorder compared with panic disorder and the general population, June 714-718

Use of psychotropics in two employee groups directly affected by the events of September 11 (psychopharmacology), Nov 1366-1368

#### **Attention deficit disorder**

Correlates of ADHD among children in pediatric and psychiatric clinics, Sept 1103-1111

Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36

Treatment of ADHD when tolerance to methylphenidate develops (letter), Jan 102

Use of complementary and alternative medicine for symptoms of attention-deficit hyperactivity disorder, Sept 1096-1102

#### **Attitude**

The influence of patients' compensation-seeking status on the perceptions of Veteran Affairs clinicians, Feb 210-212

Insight into illness and attitudes toward medications among inpatients with schizophrenia, Oct 1319-1321

Pastors' perceptions of mental disorders (letter), July 900-901

Patients' and staff members' attitudes about the rights of hospitalized psychiatric patients, Jan 87-91

Patients' attitudes toward antidepressants (letter, reply), Sept 1180-1181

Priorities of consumers, providers, and family members in the treatment of schizophrenia, June 724-729

Responsibility and choice in addiction, June 707-713. Also see Responsibility and addiction (letters, reply), Oct 1327-1328

#### **Behavior therapy**

Training professionals in use of positive methods for community integration of

persons with developmental disabilities (rehab rounds), Jan 16-18

### Benzodiazepines

Effects of commonly used benzodiazepines on the fetus, the neonate, and the nursing infant, Jan 39-49

Effects of residents' depression, sleep, and demand for medication on benzodiazepine use in nursing homes, Sept 1159-1165

Principles for starting, stopping, or switching (psychopharmacology), Feb 139-140

### Bereavement

Coping with grief (consumer & family information), Jan 19-20

Group intervention for bereavement after violent death (frontline reports), Oct 1340

### Bipolar disorder

Factors associated with insight among outpatients with serious mental illness, Jan 96-98

Good, better, and the best psychiatric care I've received . . . and what has gone wrong (personal accounts), Oct 1241-1242

Providing psychotherapy for patients with bipolar illness: a clinical imperative (practical psychotherapy), Aug 931-932

Remembering a life (letter), Dec 1634

Screening for bipolar disorder (letter), Mar 349

To cure or not to cure? (personal accounts), Aug 933-934. Also see Remembering a life (letter), Dec 1634

Use of antidepressants to treat depression in bipolar disorder, May 580-584. Also see Antidepressants for bipolar depression (letter, reply), Oct 1331

### Borderline personality disorder. Also see Personality disorders

Chronic suicidality among patients with borderline personality disorder, June 738-742. Also see Borderline personality disorder, suicide, and pharmacotherapy (letter, reply), Oct 1330-1331

Clozapine and borderline personality disorder (letter), Mar 348-349

Implementing dialectical behavior therapy, Feb 171-178

### Business information for readers

Jan 8, Feb 126, Mar 236, Apr 372, May 508, June 658, July 790, Aug 922, Sept 1056, Oct 1204, Nov 1356, Dec 1500

### Calendar

Jan 111-112, Feb 136, 146, Mar 246, 270, Apr 402, 416, May 520, 550, June 662, 668, July 812, 910, Aug 928, 940, Sept 1190, Oct 1243-1244, Nov 1374, 1386, Dec 1530, 1542

### Case management, community based

Assertive community treatment in the UK (letter), May 630-631

A comparison of experts' perspectives on

assertive community treatment and intensive case management, Feb 207-210

Current trends in the community treatment of seriously emotionally disturbed youths (child & adolescent psychiatry), July 809-811

The effect of intensive case management on the relatives of patients with severe mental illness, Dec 1580-1585

Effectiveness of assertive community treatment (letter), Jan 103

An exploratory study of what clients like least about assertive community treatment, June 761-763

Integration of service systems for homeless persons with serious mental illness through the ACCESS program, Aug 949-957

Lessons from the evaluation of the ACCESS program, Aug 967-969

A level-of-functioning self-report measure for consumers with severe mental illness, Mar 326-331

The Nathaniel Project: an effective alternative to incarceration (significant achievement award), Oct 1314-1315

Overview of the ACCESS program, Aug 945-948

Patients' perceptions of intensive case management, Nov 1432-1437

Predicting incarceration of clients of a psychiatric probation and parole service, Jan 50-56. Also see Assertive treatment and arrest of probationers (letter, reply), Aug 1033-1034

Psychometric properties and utility of the Problem Severity Summary for adults with serious mental illness, Aug 1010-1017

Service systems integration and outcomes for mentally ill homeless persons in the ACCESS program, Aug 958-966

Use of case manager ratings and weekly urine toxicology tests among outpatients with dual diagnoses, June 764-766

The Western Psychiatric Institute and Clinic (WPIC) Homeless Continuum: striking the right balance (significant achievement award), Oct 1317-1318

### Child psychiatry, adolescent psychiatry. Also see Children, adolescents

Closure of state psychiatric hospitals for children (letter, reply), Jan 101-102

A community's commitment to empowering families and children through a network of support (gold award), Oct 1308-1310

Correlates of ADHD among children in pediatric and psychiatric clinics, Sept 1103-1111

Current trends in the community treatment of seriously emotionally disturbed youths (child & adolescent psychiatry), July 809-811

Exclusions and limitations in children's behavioral health care coverage, May 591-594

Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36

Mental health services for Latino adolescents with psychiatric disorders, Dec 1556-1562

Multiple-family groups for urban children with conduct difficulties and their families, Nov 1467-1468

Patterns of antidepressant use among children and adolescents, Nov 1444-1450

Prescriptions of medications to youths (letter), Feb 214-215

A rapid-response outpatient model for reducing hospitalization rates among suicidal adolescents, Dec 1574-1579

Return to treatment after assessment in a community children's mental health clinic, May 624-626

Risk factors for psychosocial dysfunction among enrollees in the State Children's Health Insurance Program, May 614-619

Severity of children's psychopathology and impairment and its relationship to treatment setting, Jan 57-62

Symptoms and deviant behavior among eight-year olds as predictors of referral for psychiatric evaluation by age 12, Feb 201-206

The Theiss Child Development Center: an innovative provider of early childhood mental health services (significant achievement award), Oct 1315-1317

Treatment of ADHD when tolerance to methylphenidate develops (letter), Jan 102

Use of complementary and alternative medicine for symptoms of attention-deficit hyperactivity disorder, Sept 1096-1102

What every clinician needs to know about juvenile firestarters (child & adolescent psychiatry), Oct 1237-1238

### Children, adolescents

Adverse childhood experiences, alcoholic parents, and later risk of alcoholism and depression, Aug 1001-1009

Annual survey documents continued increases in use of ecstasy among U.S. teenagers, Mar 357

Articles on special populations published in Psychiatric Services between 1959 and 1999, Apr 419-424

Closing a state hospital (letter, reply), Sept 1179-1180

A community's commitment to empowering families and children through a network of support (gold award), Oct 1308-1310

Correlates of ADHD among children in pediatric and psychiatric clinics, Sept 1103-1111

Determinants of counseling for children in Manhattan after the September 11 attacks, July 815-822

Effects of commonly used benzodiazepines on the fetus, the neonate, and the nursing infant, Jan 39-49

Exclusions and limitations in children's behavioral health care coverage, May 591-594

Gender differences in juvenile arrestees'

- drug use, self-reported dependence, and perceived need for treatment, Jan 70-75
- Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36**
- Incorporating school mental health programs in SCHIP plans (letter), July 902
- Inhalant use far exceeds use of ecstasy and oxycontin combined, May 644
- Integrated services for mothers with dual diagnoses and their children (gold award), Oct 1311-1313
- National drug abuse survey shows drug use increasing, covers mental illness for first time, Oct 1342
- Physically restraining children at home or school (taking issue), Feb 125
- Posttraumatic stress disorder among Cuban children and adolescents after release from a refugee camp, Aug 970-976
- Risk factors for psychosocial dysfunction among enrollees in the State Children's Health Insurance Program, May 614-619
- Symptoms and deviant behavior among eight-year olds as predictors of referral for psychiatric evaluation by age 12, Feb 201-206
- Trends in combined pharmacotherapy with stimulants for children (datapoints), Mar 244
- Use of complementary and alternative medicine for symptoms of attention-deficit hyperactivity disorder, Sept 1096-1102
- Use of multiple psychotropic drugs by Medicaid-insured and privately insured children (datapoints), Dec 1508
- Chronic patients**
- The case of Sam (letters), Apr 481-482
- Co-occurrence of HIV and serious mental illness among Medicaid recipients, July 868-873
- Cost-effectiveness of two vocational rehabilitation programs for persons with severe mental illness, Sept 1118-1124
- Critical elements of public-sector managed behavioral health programs for severe mental illness in five states (state mental health policy), Apr 397-399
- The effect of intensive case management on the relatives of patients with severe mental illness, Dec 1580-1585
- Effects of psychoeducation for Korean Americans with chronic mental illness, Sept 1125-1131
- Evidence-based practices and recovery (letter, reply), May 632-634
- Factors associated with insight among outpatients with serious mental illness, Jan 96-98
- The feasibility of enhancing psychiatric outpatients' readiness to change their substance use, May 602-608
- Identifying meaningful subgroups of adults with severe mental illness, Apr 452-457
- A level-of-functioning self-report measure for consumers with severe mental illness, Mar 326-331
- Medical morbidity, mental illness, and substance use disorders, July 861-867
- New York State's campaign to implement evidence-based practices for people with serious mental disorders (best practices), Feb 153-155
- Outcomes and service use among homeless persons with serious mental illness and substance abuse, Apr 437-446
- Papers on medical conditions of persons with severe mental illness, July 863
- Patients' perceptions of intensive case management, Nov 1432-1437
- Psychometric properties and utility of the Problem Severity Summary for adults with serious mental illness, Aug 1010-1017
- Receipt of preventive medical services at psychiatric visits by patients with severe mental illness, July 884-887
- Representative payee programs for persons with mental illness in Illinois, Feb 190-194
- Returning to the community—again (taking issue), Nov 1355
- Role of social disadvantage in crime, joblessness, and homelessness among persons with serious mental illness, May 565-573. Also see Poverty, social problems, and serious mental illness (letters), July 899-900, and A second opinion (commentary), May 573
- A second chance for people with "treatment-refractory" psychosis (frontline reports), Apr 480
- A second opinion (commentary), May 573
- Service use and health status of persons with severe mental illness in full-risk and no-risk Medicaid programs, Mar 293-298
- Stigma as a barrier to recovery (letter, reply), May 629-630
- Use of a state inpatient forensic system under managed mental health care, Apr 447-451
- Teaching persons with severe mental disabilities to be their own case managers (rehab rounds), Nov 1377-1379
- Terrorism and people with mental illness (letter), Nov 1475
- The wheel, reinvented (taking issue), May 507
- Work rehabilitation and patterns of substance use among persons with schizophrenia, Jan 63-69
- Cognitive-behavioral therapy**
- Implementing dialectical behavior therapy, Feb 171-178
- Improving medication compliance of a patient with schizophrenia through collaborative behavioral therapy (rehab rounds), Mar 255-257
- An integrative treatment for patients with persistent auditory hallucinations (frontline reports), July 897-898
- Relationship of treatment orientation and continuing care to remission among substance abuse patients, May 595-601
- Cognitive disorders**
- Persistent postoperative cognitive decline in an elderly woman with preexisting neuropathology (practical geriatrics), Mar 277-279
- Rapid screening for cognitive impairment in the psychiatric emergency service: I. cognitive screening batteries (emergency psychiatry), Dec 1527-1529
- Utility and limits of the Mini Mental State Examination in evaluating consent capacity in Alzheimer's disease, Oct 1322-1324
- Commitment of mentally ill**
- Conditional release and mandated outpatient treatment (letter), Apr 483-484
- Community mental health centers, services**
- The case of Sam (letters), Apr 481-482
- Characteristics of new clients at self-help and community mental health agencies in geographic proximity, Sept 1145-1152
- Does "in the community" mean anything anymore? (taking issue), Oct 1201
- The ethics of cost shifting in community psychiatry (taking issue), Aug 921. Also see An ethically complex scenario (letter, reply), Dec 1634-1635
- Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36
- The Nathaniel Project: an effective alternative to incarceration (significant achievement award), Oct 1314-1315
- A pilot study of community mental health care for depression in a supermarket setting, Sept 1132-1137
- Psychometric properties and utility of the Problem Severity Summary for adults with serious mental illness, Aug 1010-1017
- Recidivism and use of services among persons with mental illness after release from prison, Oct 1290-1296
- Representative payee programs for persons with mental illness in Illinois, Feb 190-194
- Resident education in community psychiatry: a model of service-learning (frontline reports), July 898
- Return to treatment after assessment in a community children's mental health clinic, May 624-626
- Status of patients with first-episode psychosis after one year of phase-specific community-oriented treatment, Apr 458-463
- Working with a patient's defenses in supportive psychotherapy (practical psychotherapy), Feb 141-142
- Comorbidity**
- Co-occurrence of HIV and serious mental illness among Medicaid recipients, July 868-873
- Health behaviors and health status of older women with schizophrenia, July 882-884
- Integrated services for mothers with dual diagnoses and their children (gold award), Oct 1311-1313
- Involvement in 12-step programs among persons with dual diagnoses, July 894-896

Medical comorbidity and receipt of medical care by older homeless people with schizophrenia or depression, Nov 1456-1460

Medical morbidity, mental illness, and substance use disorders, July 861-867

Nonpsychiatric illness among primary care patients with trauma histories and post-traumatic stress disorder, July 848-854

Papers on medical conditions of persons with severe mental illness, July 863

Receipt of preventive medical services at psychiatric visits by patients with severe mental illness, July 884-887

Use of case manager ratings and weekly urine toxicology tests among outpatients with dual diagnoses, June 764-766

Use of general medical services by VA patients with psychiatric disorders, July 874-878

### Complementary therapies

Use of complementary and alternative medicine for symptoms of attention-deficit hyperactivity disorder, Sept 1096-1102

### Computers, computerized medical records

A comparison of psychiatrists' clinical-impression-based and social workers' computer-generated GAF scores, Mar 340-342. Also see Comparison of social workers' and psychiatrists' GAF ratings (letter, reply), Oct 1329-1330

Computer-facilitated dialogue with patients who have schizophrenia (front-line reports), Jan 99-100

A computerized patient information system in a psychiatric hospital, Apr 476-478

The diffusion of innovations into psychiatric practice (clinical computing), Dec 1539-1540

Innovative use of virtual reality technology in the treatment of PTSD in the aftermath of September 11 (multimedia reviews), Sept 1083-1085

Reducing errors in discharge medication lists by using personal digital assistants, Oct 1325-1326

Use of personal digital assistants in consultation psychiatry (clinical computing), Mar 271-272, 279

A Web-based data management system to improve care for depression in a multicenter clinical trial (clinical computing), June 671-673, 678

### Confidentiality

APA advocacy groups disappointed with final regulations on privacy of medical records, Sept 1191

### Consultation-liaison psychiatry

Use of personal digital assistants in consultation psychiatry (clinical computing), Mar 271-272, 279

### Consumer & family information (column)

Coping with grief, Jan 19-20

Distress, stress, or mental disorder? Feb 133

Ecstasy, June 667

How to help someone who is suicidal, May 517

Hypochondriasis, Apr 383

Workplace violence: fact, fiction, and prevention, Mar 261

### Consumer participation

The gap between research and practice in substance abuse treatment, Aug 984-987

Illness management and recovery: a review of the research, Oct 1272-1284

Patient care and the information explosion (taking issue), June 657

Strengthening the consumer voice in managed care: III. the Philadelphia Consumer Satisfaction Team (managed care), Jan 23-24, 29

Strengthening the consumer voice in managed care: IV. the Leadership Academy program (managed care), Apr 405-406, 411

Strengthening the consumer voice in managed care: V. helping professionals listen (managed care), July 805-806, 811

### Consumer satisfaction

Determinants of client outcomes in self-help agencies, Mar 304-309

The effect of financial risk arrangements on service access and satisfaction among Medicaid beneficiaries, Mar 299-303

An exploratory study of what clients like least about assertive community treatment, June 761-763

Patients' perceptions of intensive case management, Nov 1432-1437

Patients' preference for conventional antipsychotic medications (psychopharmacology), May 537-538, 547

Priorities of consumers, providers, and family members in the treatment of schizophrenia, June 724-729

Strengthening the consumer voice in managed care: III. the Philadelphia Consumer Satisfaction Team (managed care), Jan 23-24, 29

### Continuity of patient care

Factors associated with attendance at a first appointment after discharge from a psychiatric hospital, Apr 473-476

Factors associated with missed first appointments at a psychiatric clinic, Sept 1173-1176

Gaps in use of antipsychotics after discharge by first-admission patients with schizophrenia, 1989 to 1996, Mar 337-339

Predictive models and the effectiveness of strategies for improving outpatient follow-up under managed care, Nov 1438-1443

Release planning for inmates with mental illness compared with those who have other chronic illnesses, Nov 1469-1471

Return to treatment after assessment in a community children's mental health clinic, May 624-626

### Contract services

Getting in the game (taking issue), Apr 371. Also see Managed care and academic psychiatry (letter), Aug 1031

A model for managed behavioral health care in an academic department of psychiatry, Apr 431-436. Also see Managed care and academic psychiatry (letter), Aug 1031

A university-state-corporation partnership for providing correctional mental health services, Feb 185-189

### Corrections

For This Month's Highlights, Sept 1061, see Correction (researchers' location), Oct 1331

### Costs and cost-analysis. Also see Economics

The business case for high-quality mental health care (economic grand rounds), Feb 143-145

CMHS estimates costs of preventive interventions, May 643-644

A computerized patient information system in a psychiatric hospital, Apr 476-478

Cost-effectiveness of two vocational rehabilitation programs for persons with severe mental illness, Sept 1118-1124

The ethics of cost shifting in community psychiatry (taking issue), Aug 921. Also see An ethically complex scenario (letter, reply), Dec 1634-1635

An exploratory analysis of behavioral health care use within families, June 743-748

Financial aspects of court-ordered evaluations, May 620-621

Getting in the game (taking issue), Apr 371. Also see Managed care and academic psychiatry (letter), Aug 1031

A model for managed behavioral health care in an academic department of psychiatry, Apr 431-436. Also see Managed care and academic psychiatry (letter), Aug 1031

The optimum expenditure for state hospitals and its relationship to the suicide rate (economic grand rounds), June 675-678

Service use and costs among VA patients with schizophrenia taking risperidone or olanzapine, July 855-860

Spending too much on mental illness in all the wrong places (commentary), Oct 1251-1252

Use and costs of public-sector behavioral health services for African-American and white women, Feb 195-200

### Cross-cultural issues

Psychiatric outpatient care in Germany and the United States (datapoints), Nov 1373

### Culture, cultural characteristics

Articles on special populations published in Psychiatric Services between 1959 and 1999, Apr 419-424

The culture of emotions: a cultural competence

tence and diversity training program (multimedia reviews), Dec 1537-1538  
The effect on diagnostic rates of assigning patients to ethnically focused inpatient psychiatric units, July 823-829

Training persons with schizophrenia in illness self-management: a randomized controlled trial in Japan (rehab rounds), May 545-547

#### Datapoints (column)

Medicaid managed care and substance abuse treatment, July 802

Moving from inpatient to residential substance abuse treatment in the VA, Aug 927

Payer source for emergency room visits by persons with psychiatric disorders, Jan 14

Psychiatric outpatient care in Germany and the United States, Nov 1373

State variations in complaint rates to protection and advocacy systems, May 535

Trends in combined pharmacotherapy with stimulants for children, Mar 244

Trends in research fellowship opportunities in psychiatry, Apr 387

Use of mood stabilizers among patients with schizophrenia, 1994-2001, Oct 1212

Use of multiple psychotropic drugs by Medicaid-insured and privately insured children, Dec 1508

Use of psychotropic drugs by mentally ill Medicaid beneficiaries, Sept 1070

Use of restraint before and after implementation of the new HCFA rules, Feb 138

Variations in mental health specialty care across metropolitan areas, June 674

#### Death

Mortality of mental health service recipients in Vermont and Oklahoma, Aug 1025-1027

#### Deinstitutionalization

Managed behavioral health care in the public sector: will it become the third shame of the states? Feb 157-170

Returning to the community—again (taking issue), Nov 1355

#### Dementia

Challenges to the use of nonpharmacologic interventions in nursing homes, Nov 1402-1406

Evidence-based practices in geriatric mental health care, Nov 1419-1431

Palliative and aggressive end-of-life care for patients with dementia, May 609-613

Use of nonpharmacologic interventions among nursing home residents with dementia, Nov 1397-1401

#### Depression

Adverse childhood experiences, alcoholic parents, and later risk of alcoholism and depression, Aug 1001-1009

Inappropriateness of prescribing practices for serotonergic antidepressants, Feb 179-184

Coping with grief (consumer & family information), Jan 19-20

Effects of residents' depression, sleep, and demand for medication on benzodiazepine use in nursing homes, Sept 1159-1165

Evidence-based practices in geriatric mental health care, Nov 1419-1431

Integrating outcomes research into clinical practice, Mar 335-336

Life as death: hope regained with ECT (personal accounts), Apr 413-414

Medical comorbidity and receipt of medical care by older homeless people with schizophrenia or depression, Nov 1456-1460

The partnership (personal accounts), Dec 1541

A pilot study of community mental health care for depression in a supermarket setting, Sept 1132-1137

Prevalence and severity of mental health-related disability and relationship to diagnosis, Jan 80-86

Psychodynamic psychotherapy and clomipramine in the treatment of major depression, May 585-590

Use of antidepressants to treat depression in bipolar disorder, May 580-584. Also see Antidepressants for bipolar depression (letter, reply), Oct 1331

#### Developmental disabilities. Also see Mental retardation

Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36

Training professionals in use of positive methods for community integration of persons with developmental disabilities (rehab rounds), Jan 16-18

#### Diagnosis

The DSM-IV Text Revision: rationale and potential impact on clinical practice, Mar 288-292

The effect on diagnostic rates of assigning patients to ethnically focused inpatient psychiatric units, July 823-829

The medicalization of the human condition (open forum), May 627-628

#### Diagnosis, dual. See Comorbidity

#### Disabled persons

The influence of patients' compensation-seeking status on the perceptions of Veteran Affairs clinicians, Feb 210-212

Mediation of employment discrimination disputes involving persons with psychiatric disabilities, Aug 988-994

Prevalence and severity of mental health-related disability and relationship to diagnosis, Jan 80-86

Report by the National Council on Disability documents a crisis in the public mental health system, Nov 1487

The US Supreme Court narrows the definition of disability under the Americans With Disabilities Act (law & psychiatry), July 797-798,801

#### Disasters

Changes in psychotropic drug use after September 11, 2001 (letter), Nov 1475-1476

Determinants of counseling for children in Manhattan after the September 11 attacks, July 815-822

Distress, stress, or mental disorder? (consumer & family information), Feb 133

Helping managers assist employees facing threats of terrorism (frontline reports), Oct 1340-1341

Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36

Psychoeducational debriefings after the September 11 disaster (frontline reports), Apr 479

Responding to tragedy (taking issue), July 789

SAMHSA, HHS convene national mental health summit to plan terrorism response, Jan 113

Terrorism and mental health: private-sector responses and issues for policy makers (best practices), Aug 941-943

Terrorism and people with mental illness (letter), Nov 1475

When it really hurts to listen: psychotherapy in the aftermath of September 11 (practical psychotherapy), May 561-562

#### DSM-IV. See Diagnosis

#### Economics. Also see Costs and cost analysis; Financing, government; Insurance, health; and Managed care programs

The business case for high-quality mental health care (economic grand rounds), Feb 143-145

An early case study of the effects of California's mental health parity legislation (economic grand rounds), Oct 1215-1216

Economics and the Surgeon General's report on mental health (economic grand rounds), Apr 409-411

Final appropriations for 2002 federal mental health budget include substantial increases, Feb 222-223

Financial aspects of court-ordered evaluations, May 620-621

Issues in psychopharmacosocioeconomics (economic grand rounds), Dec 1532-1534

The optimum expenditure for state hospitals and its relationship to the suicide rate (economic grand rounds), June 675-678

Social inequality and health: will psychiatry assume center stage? (economic grand rounds), Aug 937-939

What threatens psychiatric administrators' job security? (open forum), Aug 1015-1022

#### Education, professional. Also see Internship and residency

Highlights of the 2001 Institute on Psychiatric Services, Jan 32-36

Training professionals in use of positive methods for community integration of persons with developmental disabilities (rehab rounds), Jan 16-18

Trends in research fellowship opportunities in psychiatry (datapoints), Apr 387

**Education, psychiatric. See Internship and residency**

**Electroconvulsive therapy**

Life as death: hope regained with ECT (personal accounts), Apr 413-414

**Emergency services**

Clinical parity in emergency mental health (taking issue), Jan 7

Emergency involuntary psychiatric examinations in Florida, Sept 1171-1172

The Emergency Medical Treatment and Active Labor Act of 1985 and the practice of psychiatry, Oct 1301-1307

Emergency pharmacological management of aggression among agitated psychotic patients in Japan (emergency psychiatry), Sept 1077-1078

Hospitalization of patients with cocaine and amphetamine use disorders from a psychiatric emergency service, Nov 1461-1466

Patient and contextual factors related to the decision to hospitalize patients from emergency psychiatric services, Dec 1586-1591

Payer source for emergency room visits by persons with psychiatric disorders (datapoints), Jan 14

Rapid screening for cognitive impairment in the psychiatric emergency service: I. cognitive screening batteries (emergency psychiatry), Dec 1527-1529

The relationship of restrictions on state hospitalization and suicides among emergency psychiatric patients, Oct 1297-1300

Self-restraint, self-examination: a historical perspective on restraints and ethics in psychiatry (emergency psychiatry), June 663-664

**Employment**

Mediation of employment discrimination disputes involving persons with psychiatric disabilities, Aug 988-994

**Epidemiological studies**

Mortality of mental health service recipients in Vermont and Oklahoma, Aug 1025-1027

Translating research into action: reducing disparities in mental health care for Mexican Americans, Dec 1563-1568

**Ethics**

The ethics of cost shifting in community psychiatry (taking issue), Aug 921. Also see An ethically complex scenario (letter, reply), Dec 1634-1635

**Ethnic groups**

Articles on special populations published in Psychiatric Services between 1959 and 1999, Apr 419-424

The effect on diagnostic rates of assigning patients to ethnically focused inpatient psychiatric units, July 823-829

The effect on treatment outcomes of assigning patients to ethnically focused inpatient psychiatric units, July 830-835

Effects of psychoeducation for Korean Americans with chronic mental illness, Sept 1125-1131

Firearm-related suicide among young African-American males, Mar 332-334

Harlem Hospital Center's geropsychiatric service (frontline reports), Jan 99

Inequalities in use of specialty mental health services among Latinos, African Americans, and non-Latino whites, Dec 1547-1555

Introduction to the special section (mental health care for Latinos), Dec 1545-1546

Mental health services for Latino adolescents with psychiatric disorders, Dec 1556-1562

A research agenda to improve the accessibility and quality of mental health care for Latinos, Dec 1569-1573

Screening for alcohol abuse among urban Native Americans in a primary care setting, June 757-760

Translating research into action: reducing disparities in mental health care for Mexican Americans, Dec 1563-1568

Use and costs of public-sector behavioral health services for African-American and white women, Feb 195-200

**Evidence-based psychiatry**

Assertive community treatment in the UK (letter), May 630-631

Clinical experience and prescribing practices (letter, reply), May 631-632

Evidence-based health policy versus evidence-based medicine (taking issue), Dec 1499

Evidence-based practices and recovery (letter, reply), May 632-634

Evidence-based practices in geriatric mental health care, Nov 1419-1431

Evidence-based practices need to beware of experts (letter), Aug 1031-1032

Illness management and recovery: a review of the research, Oct 1272-1284

Implementing dialectical behavior therapy, Feb 171-178

New York State's campaign to implement evidence-based practices for people with serious mental disorders (best practices), Feb 153-155. Also see Best practices: don't forget the sickest patients (letter), Aug 1032-1033

Translating research into action: reducing disparities in mental health care for Mexican Americans, Dec 1563-1568

Using a clinical and evidence-based strategy to preserve access to psychiatric medications (managed care), Oct 1231-1232

**Family**

Caregivers' roles in India (letter), Mar 346-347

A community's commitment to empowering families and children through a network of support (gold award), Oct 1308-1310

The effect of intensive case management on the relatives of patients with severe mental illness, Dec 1580-1585

An exploratory analysis of behavioral health care use within families, June 743-748

Multiple-family groups for urban children with conduct difficulties and their families, Nov 1467-1468

Priorities of consumers, providers, and family members in the treatment of schizophrenia, June 724-729

Remembering a life (letter), Dec 1634

Service use among patients with schizophrenia in psychoeducational multiple-family group treatment, June 749-754

Severity of children's psychopathology and impairment and its relationship to treatment setting, Jan 57-62

**Financing, government. Also see Medicaid; Medicare; and Social Security**

Final appropriations for 2002 federal mental health budget include substantial increases, Feb 222-223

**Firearms**

Firearm-related suicide among young African-American males, Mar 332-334

Firearms risk management (letter, reply), Apr 482-483

**Firesetting. See Impulse control disorders**

**Forensic psychiatry**

Alcohol, the "un-drug" (alcohol & drug abuse), Nov 1375-1376

Can a psychiatrist be held responsible when a patient commits murder? (law & psychiatry), Jan 27-29

Can mental health courts end the criminalization of persons with mental illness? (law & psychiatry), Oct 1226-1228

Conditional release and mandated outpatient treatment (letter), Apr 483-484

Emergency involuntary psychiatric examinations in Florida, Sept 1171-1172

Financial aspects of court-ordered evaluations, May 620-621

Gender differences in juvenile arrestees' drug use, self-reported dependence, and perceived need for treatment, Jan 70-75

Persistent postoperative cognitive decline in an elderly woman with preexisting neuropathology (practical geriatrics), Mar 277-279

Policing expert testimony: the role of professional organizations (law & psychiatry), Apr 389-390,399

Predicting incarceration of clients of a psychiatric probation and parole service, Jan 50-56. Also see Assertive treatment and arrest of probationers (letter, reply), Aug 1033-1034

Recidivism and use of services among persons with mental illness after release from prison, Oct 1290-1296

Risk for individuals with schizophrenia who are living in the community (letter, reply), Apr 484-485

Use of a state inpatient forensic system

under managed mental health care, Apr 447-451  
The use of criminal charges and sanctions in mental health courts, Oct 1285-1289  
The US Supreme Court narrows the definition of disability under the Americans With Disabilities Act (law & psychiatry), July 797-798,801  
Utility and limits of the Mini Mental State Examination in evaluating consent capacity in Alzheimer's disease, Oct 1322-1324

#### **Frontline reports (column)**

Computer-facilitated dialogue with patients who have schizophrenia, Jan 99-100  
Group intervention for bereavement after violent death, Oct 1340  
Harlem Hospital Center's geropsychiatric service, Jan 99  
Helping managers assist employees facing threats of terrorism, Oct 1340-1341  
An integrative treatment for patients with persistent auditory hallucinations, July 897-898  
Psychoeducational debriefings after the September 11 disaster, Apr 479  
Resident education in community psychiatry: a model of service-learning, July 898  
A second chance for people with "treatment-refractory" psychosis, Apr 480

#### **Gambling**

Gambling disorders among homeless persons with substance use disorders seeking treatment at a community center, Sept 1112-1117

#### **Gender. See Sex, sex factors**

#### **Geriatrics**

Articles on special populations published in *Psychiatric Services* between 1959 and 1999, Apr 419-424  
The association between decreasing length of stay and readmission rate on a psychogeriatric unit, Jan 77-79  
Evidence-based practices in geriatric mental health care, Nov 1419-1431  
Harlem Hospital Center's geropsychiatric service (frontline reports), Jan 99  
Health behaviors and health status of older women with schizophrenia, July 882-884  
Introduction to the special section (mental health services in nursing homes), Nov 1389  
Long-term use of VA mental health services by older patients with substance use disorders, July 836-841  
Models of mental health services in nursing homes: a review of the literature, Nov 1390-1396  
Palliative care: something else we can do for our patients (practical geriatrics), Dec 1525-1526,1529  
Persistent postoperative cognitive decline in an elderly woman with preexisting neuropathology (practical geriatrics), Mar 277-279

Psychiatric management of Huntington's disease in extended care settings (practical geriatrics), June 703-705

#### **Hallucinations**

An integrative treatment for patients with persistent auditory hallucinations (frontline reports), July 897-898

#### **Health policy**

An analysis of the definitions of mental illness used in state parity laws, Sept 1089-1095

APA, advocacy groups disappointed with final regulations on privacy of medical records, Sept 1191

Behavioral health care then and now: significant progress, but more work to do (commentary), Oct 1249-1251

Common ground: a framework for selecting core quality measures for mental health and substance abuse care, Mar 281-287

The crisis in mental health care: responsibility and accountability (commentary), Oct 1248-1249

Critical elements of public-sector managed behavioral health programs for severe mental illness in five states (state mental health policy), Apr 397-399

An early case study of the effects of California's mental health parity legislation (economic grand rounds), Oct 1215-1216

Economics and the Surgeon General's report on mental health (economic grand rounds), Apr 409-411

Evidence-based health policy versus evidence-based medicine (taking issue), Dec 1499

Evidence-based practices need to beware of experts (letter), Aug 1031-1032

The gap between research and practice in substance abuse treatment, Aug 984-987

The impact of managed care on cross-system use of mental health services by veterans in Colorado, Dec 1599-1604

Introduction to the special section (mental health care for Latinos), Dec 1545-1546

Managed behavioral health care in the public sector: will it become the third shame of the states? Feb 157-170

New Mexico governor signs law allowing psychologists to prescribe psychotropic medications, Apr 494

New York State's campaign to implement evidence-based practices for people with serious mental disorders (best practices), Feb 153-155. Also see Best practices: don't forget the sickest patients (letter), Aug 1032-1033

President Bush calls for passage of mental health parity legislation this year, June 776

Psychopharmacologic interventions in nursing homes: what do we know and where do we go? Nov 1407-1413

Regulatory oversight, payment policy, and quality improvement in mental health care in nursing homes, Nov 1414-1418

Report by the National Council on Disability documents a crisis in the public mental health system, Nov 1487

Report reflects two-year effort to take steps to reduce incarceration of mentally ill persons, July 909

Spending too much on mental illness in all the wrong places (commentary), Oct 1251-1252

Starving in the midst of plenty: the mental health care crisis in America (APA president's statement), Oct 1247-1248

Terrorism and mental health: private-sector responses and issues for policy makers (best practices), Aug 941-943

The WHO draft manual perpetuates barriers to care (taking issue), Sept 1055

#### **Health services administration**

Role of a medical staff coding committee in documentation, coding, and billing compliance, Dec 1629-1631

What threatens psychiatric administrators' job security? (open forum), Aug 1018-1022

#### **History of psychiatry**

An account of multiple psychiatric hospitalizations in the 1960s (personal accounts), Feb 151-152

Articles on special populations published in *Psychiatric Services* between 1959 and 1999, Apr 419-424

Managed behavioral health care in the public sector: will it become the third shame of the states? Feb 157-170

The medicalization of the human condition (open forum), May 627-628

Self-restraint, self-examination: a historical perspective on restraints and ethics in psychiatry (emergency psychiatry), June 663-664

#### **HIV-AIDS**

Co-occurrence of HIV and serious mental illness among Medicaid recipients, July 868-873

#### **Homeless persons**

Characteristics of persons who are homeless for the first time, Nov 1472-1474

Gambling disorders among homeless persons with substance use disorders seeking treatment at a community center, Sept 1112-1117

Integration of service systems for homeless persons with serious mental illness through the ACCESS program, Aug 949-957

Lessons from the evaluation of the ACCESS program, Aug 967-969

Medical comorbidity and receipt of medical care by older homeless people with schizophrenia or depression, Nov 1456-1460

Outcomes and service use among homeless persons with serious mental illness and substance abuse, Apr 437-446

Overview of the ACCESS program, Aug 945-948

Psychotic ideation and receipt of government entitlements among homeless

persons in New York City, June 719–723

Returning to the community—again (taking issue), Nov 1355

Role of social disadvantage in crime, joblessness, and homelessness among persons with serious mental illness, May 565–573. Also see Poverty, social problems, and serious mental illness (letters), July 899–900, and A second opinion (commentary), May 573

A second opinion (commentary), May 573

Service systems integration and outcomes for mentally ill homeless persons in the ACCESS program, Aug 958–966

The Western Psychiatric Institute and Clinic (WPIC) Homeless Continuum: striking the right balance (significant achievement award), Oct 1317–1318

The wheel, reinvented (taking issue), May 507

### Homicide

Can a psychiatrist be held responsible when a patient commits murder? (law & psychiatry), Jan 27–29

Workplace violence: fact, fiction, and prevention (consumer & family information), Mar 261

### Homosexuality

Articles on special populations published in Psychiatric Services between 1959 and 1999, Apr 419–424

### Hospitalization. Also see Patient admission, readmission

The association between decreasing length of stay and readmission rate on a psychogeriatric unit, Jan 77–79

The effect on diagnostic rates of assigning patients to ethnically focused inpatient psychiatric units, July 823–829

The effect on treatment outcomes of assigning patients to ethnically focused inpatient psychiatric units, July 830–835

Factors associated with attendance at a first appointment after discharge from a psychiatric hospital, Apr 473–476

Factors associated with rehospitalization among veterans in a substance abuse treatment program, Sept 1176–1178

Financial aspects of court-ordered evaluations, May 620–621

Hospitalization of patients with cocaine and amphetamine use disorders from a psychiatric emergency service, Nov 1461–1466

Inpatient psychotherapy compared with usual care for patients who have schizophrenic psychoses, Apr 471–473

Patient and contextual factors related to the decision to hospitalize patients from emergency psychiatric services, Dec 1586–1591

Preadmission care as a new mental health performance indicator, Nov 1451–1455

Training persons with schizophrenia in illness self-management: a randomized controlled trial in Japan (rehab rounds), May 545–547

### Hospitals, general

Use of restraint before and after implementation of the new HCFA rules (datapoints), Feb 138

### Hospitals, public

An account of multiple psychiatric hospitalizations in the 1960s (personal accounts), Feb 151–152

Closing a state hospital (letter, reply), Sept 1179–1180

Closure of state psychiatric hospitals for children (letter, reply), Jan 101–102

A computerized patient information system in a psychiatric hospital, Apr 476–478

Does "in the community" mean anything anymore? (taking issue), Oct 1201

Efficacy of olanzapine and risperidone for treatment-refractory schizophrenia among long-stay state hospital patients, June 755–757

The optimum expenditure for state hospitals and its relationship to the suicide rate (economic grand rounds), June 675–678

Medical disorders among patients admitted to a public-sector psychiatric inpatient unit, Dec 1623–1625

Patients' and staff members' attitudes about the rights of hospitalized psychiatric patients, Jan 87–91

The relationship of restrictions on state hospitalization and suicides among emergency psychiatric patients, Oct 1297–1300

A second chance for people with "treatment-refractory" psychosis (frontline reports), Apr 480

Use of a state inpatient forensic system under managed mental health care, Apr 447–451

### Housing

Integration of service systems for homeless persons with serious mental illness through the ACCESS program, Aug 949–957

Lessons from the evaluation of the ACCESS program, Aug 967–969

The Nathaniel Project: an effective alternative to incarceration (significant achievement award), Oct 1314–1315

Overview of the ACCESS program, Aug 945–948

Returning to the community—again (taking issue), Nov 1355

Service systems integration and outcomes for mentally ill homeless persons in the ACCESS program, Aug 958–966

The Western Psychiatric Institute and Clinic (WPIC) Homeless Continuum: striking the right balance (significant achievement award), Oct 1317–1318

### Impulse control disorders

What every clinician needs to know about juvenile firestarters (child & adolescent psychiatry), Oct 1237–1238

### Infants. See Children, adolescents
